Octogone TERRE Resort & Spa

The exotic enchantment of Morocco is never more evident than at Terre Resort & Spa, the first property by Octogone Hotels. The five-star boutique resort, situated in seclusion just outside the magical old city of Marrakech, is a diamond in the dusty Palmeraie Desert.

Terre is teeming with authentic Moroccan style, from its earthen architecture to its rich colors and textures. While reminiscent of the old, the resort offers every modern luxury imaginable. Upon entering, guests receive an international cell phone to make worldwide calls throughout their stay.

Guests slumber in one of 52 guest rooms, housed in 18 octagonal-shaped villas that look like little palaces. The octagon theme is carried throughout the resort, from the artwork to the spa menu, which includes a unique eight-handed massage.

Chefs at Terre's two restaurants prepare traditional fare using innovative techniques. Cuisine Maison serves Moroccan and French dishes, among them local favorites, in an elegant atmosphere with authentic Moroccan music and entertainment. Milagros, an eatery that offers Cuban food infused with Moorish flavors, pays homage to the upbringing of Christian Rivadalla, Terre's developer.

Travelers who stay at Terre can explore the vibrant souks of Marrakech on a private shopping tour, ride a camel through a palm

grove during sunset, swim in an edgeless pool, or pamper themselves at the resort's spa, which has an indulgent list of treatments that includes a hammam, or Turkish bath.
